## COHORT DEFAULT RATE

OPEID	School	2016	FY 2017	FY 2018	FY 2019

\*The Average Rate Formula is used to calculate the official cohort default rate for a school with 29 or fewer borrowers entering repayment during a cohort fiscal year if that school had a cohort default rate calculated for the two previous cohort fiscal years. If a school does not have 3 consecutive years of CDR data to calculate the Average Rate Formula, the rate is considered unofficial.

ACOM's first official cohort default rate was issued in cohort fiscal year 2017.
