Alabama College of Osteopathic Medicine Campus Hazing Transparency Report

Description of the Report

The Campus Hazing Transparency report is updated twice a year and includes a summary of incidents involving any student organization for which a finding of responsibility is issued relating to a hazing violation. Each Campus Transparency Report is maintained for a period of five calendar years from the date of publication of each update.

Anti-Hazing Policy Statement

The Alabama College of Osteopathic Medicine (ACOM) is committed to providing a campus that is safe and conducive to the goals of education and research. Hazing of any kind is antithetical to these goals; therefore, ACOM prohibits hazing activities. Hazing refers to any activity expected of someone joining or participating in a group that humiliates, degrades, abuses, or endangers them, regardless of a person's willingness to participate. Subjecting any person to and/or encouraging any person to commit an act that violates human dignity, the Code of Student Conduct, or the law for the purpose of initiating, promoting, fostering, or confirming any form of affiliation with a group or organization is prohibited. Because of the socially coercive nature of hazing, implied or expressed consent is not a defense under this policy. Apathy or acquiescence in the presence of hazing is not considered a neutral act; it is a violation of this policy.
