

Now Recruiting!

Assistant/Associate Professor of Psychiatry

The Alabama College of Osteopathic Medicine (ACOM) is now recruiting for a full-time Assistant/Associate Professor of Psychiatry. The position includes teaching Osteopathic medical students throughout our innovative, interdisciplinary, four-year curriculum. Clinical faculty teach first- and second-year students in the classroom (including team teaching with Basic Science faculty) and in clinical skills labs. Course leadership is expected. Clinical faculty may also oversee clinical clerkship curriculum for the third- and fourth-year students. One day per week of clinical practice is encouraged as well.

Required Qualifications:

- D.O./M.D. degree
- Board certification by the appropriate AOA or ACGME specialty board
- Eligibility for licensure in Alabama

Preferred Qualifications:

- Minimum of five years' experience in clinical medicine, as well as residency/academic medicine teaching and leadership.

Review of applications will begin immediately. Applicants should submit an ACOM application for employment, a cover letter addressing qualifications for the position and curriculum vitae to:

Stephen Miller, DO, MPH, FACOFP, Associate Dean of Clinical Sciences
445 Health Sciences Blvd., Dothan, AL 36303
smiller@acom.edu

Electronic submissions are encouraged.

ACOM does not discriminate on the basis of age, race, color, sex, gender, sexual orientation, religion or creed, national or ethnic origin, or disability in its programs, activities, hiring or the admission of students. This policy applies in recruitment and admission of students, employment of faculty and staff, and scholarship and loan programs. This policy is also followed in the operation of all other programs, activities and services of the College. ACOM is proud to be a tobacco-free and drug-free campus.

ACOM MISSION

The Alabama College of Osteopathic Medicine will provide quality, learner-centered osteopathic education, research, and service, while promoting graduate medical education, with emphasis on patient-centered, team-based primary care to serve the medically underserved areas of Alabama, the Tri-State area and the nation.
